

AQUARITE® SALT CHLORINATORS

UNMATCHED COMFORT, CONVENIENCE, AND PEACE OF MIND.

As the global leader in salt chlorination, Hayward provides clear, soft water and the most convenient sanitization method on the market to millions of pool owners around the world.

AquaRite salt chlorinator is the convenient alternative to conventional chlorine - bringing the very best in soft, silky water with no more red eyes, itchy skin, harsh odors, or direct handling of chemical chlorine. With automatic chlorine production and the industry's best warranty, AquaRite systems deliver 50% or more savings over conventional chlorine.

FEATURES & BENEFITS:

- The World's #1 Salt Chlorinator - genuine excellence, luxurious experience
- Right-sized for new and existing residential pools up to 40,000 gallons

- Expert Line models offer Extended Life TurboCells that produce 25% more chlorine over its lifetime, plus extended warranties for completely worry-free relaxation.
- Digital display and simple operation with the ability to adjust chlorine output from 0-100%
- Automatic cell cleaning
- Single unit for 120VAC/240VAC 50/60Hz input
- Weatherproof enclosure and connections
- NSF certified for chlorine delivery rates and ETL safety certified

ULTRA SOFT WATER MEETS ULTRA SMART CONTROL.

AquaRite® 900 Series salt chlorination systems offer the most convenient alternative to conventional chlorine—bringing pools the very best in soft, silky, perfectly sanitized water. With the option to bundle AquaRite with Hayward® OmniHub® smart pool and spa control, it's never been simpler to create a luxurious salt pool that can be controlled from anywhere.

A BETTER WAY TO SANITIZE

AquaRite 900 automatically converts dissolved salt into a virtually endless supply of chlorine, making more time for relaxation and less time for maintenance. Because salt chlorination provides automatic, consistent sanitization, salt chlorinated water won't irritate eyes, dry out skin or cause fabrics to fade.

LUXURY THAT LASTS LONGER

AquaRite 900 Series systems feature an Extended Life TurboCell® that provides 25% greater chlorine output over its lifetime, cutting annual chlorine costs by 50% and eliminating the hassle of handling conventional chlorine.

THE SMARTEST SALT SYSTEMS AROUND

AquaRite 940 Omni® is the perfect solution for installing salt chlorination and total pool and spa control at one time. Integrated with OmniHub, Hayward's innovative automation platform, AquaRite 940 Omni offers simple control of virtually every type of pool and spa equipment, right from a phone, tablet or Alexa®.
